ARRESTED FOR CONTEMPT

Whiting Switchmen Charged with Violating an Injunction.

Sheriff Friedrich Stirring Up III Feeling at Hammond-Petty Lawlessness at and Near Terre Haute.

CHICAGO, July 15.-The American Railway Union officials have determined to make a desperate struggle to regain for that order the prestige it has lost in the great strike now rapidly approaching a close. The executive board of the union held a meeting this morning, the object of which was to map out a course for the future. After a lengthy discussion it was decided to send out "revivalists" to all important section of the West. six agitators were sent out Saturday and it was decided to augment this number. "The names of those sent out Saturday will not be given," said President Debs to a reporter, "for fear of their being arrested for inciting a strike." It was learned elsewhere, however, that this morning Director Kern was sent to St. Louis to rally the forces there. Hogan was sent out over the Northern Pacific to stir up the employes of that company, and Goodwin was sent over the the employes of that system, and, if possible, induce them to go out. These delegates are all members of the executive board of the union. Other emissaries were sent out to work with employes of the many lines entering this city.

After this meeting adjourned an enthusiastic meeting was held in Uhlich's Hall, on North Clark street, President Debs presiding. He made a rousing speech, reminding one of the early days of the strike. "The strike," said he, "is now-right nowmore prosperous and more encouraging than ever before. We can and must win. The men who have gone back to work will 'scab' jobber, and he will go down in history as a traitor to organized labor. He instructed his men to work with 'scabs,' and tells them that 'scabbing' is honorable. managers. The strike is weaker in Chicago than elsewhere," continued Debs, "but it will grow stronger, just as in the West it is growing stronger every hour."

Fifteen meetings were held in different parts of the city during the afternoon and evening, several of which were addressed by Debs. He will, to-morrow, give out a statement in answer to the one made by

President Debs visited the stock yards to-day and addressed a crowd of strikers, who have for the most part failed to secure their old positions. He urged them to continue the strike, which, he declared, was never nearer to a victory than now. The men agreed to stand by Debs, but at lently against the men who had taken their places. The switchmen and engine men were especially loud in their protests against a surrender. The butchers also had bitter words, all these men having seen their jobs filled the day before by nonunion and imported men. The opinion was expressed loudly that the war was only begun. During the day the district was plastered and covered with bills and

posters reading as follows: "The executive board of the Knights of Labor heraby advises all workingmen to keep away from the stock yards on Monday, as it is the desire of all organized bodies that all honest workingmen should do so, and we further condemn the action of the coopers in returning to work as selfish, without asking concessions for the laborers. All men found working in the yards Monday will forever be branded as

enemies to organized labor." Mr. Debs said that several of his committeemen had reported to him that the Rock Island, the Lake Shore, the Chicago & Eastern Illinois, the Grand Trunk and the Western Indiana men would all be out again to-morrow. Nothing could be learned outside to verify this assertion, however.

Pullmanites "Starved Out." CHICAGO, July 15 .- Thomas W. Heathscott, one of the leaders of the Pullman strike committee, admits that the strike, so far as the Pullman employes are concerned, is practically over. According to his views, the men have been literally starved out. The differences between employer and employes, he says, is slight, a mere mater of rent. Mr. Heathscott was somewhat disheartened to-day as he spoke about the strike and the prospects. "The men here are becoming weak," he said, "and it takes all the leaders can do to keep them in line. The people have no money. I believe that not one-third of the men have enough money to pack up their goods and move as far as Kensington. I, myself, have not a dollar in the house. Those who had a little saved up have used it by this time, and every day more are coming to the relief fund and drawing a small amount in order to keep alive.'

ARRESTED FOR CONTEMPT.

Three Whiting Switchmen in Trouble -Ill Feeling at Hammond. Special to the Indianapolis Journal.

HAMMOND, Ind., July 15 .- At 4 o'clock this afternoon Deputy United States Marshal Medlee made three important arrests at Whiting, and at 11 o'clock brought the prisoners here and placed them in jail. The men arrested gave their names as John Hilton, R. H. Glenn and J. Williams, and are switchmen employed by the Standard Oil Company. The charge for which the men were arrested was contempt of court. The men were caught in the act of posting the appeal which was published in to-day's Journal, which the marshal claims is in direct opposition of that part of the restraining order issued by Judge Woods, which

"And the said Eugene V. Debs and all other persons are hereby enjoined and restrained from sending out any letters, mes-sages or communications directing, inciting, encouraging or instructing any persons whatsoever to interfere with the business

dianapolis to-morrow morning in charge of

Deputy Marshal Schooler. The resolutions passed at the Law and Order meeting last Friday night has created no little amount of comment. Sheriff Friedrich came out in a letter in the Chicago Times this morning in which he denounced Hon. Charles F. Griffin as a liar, coward and trattor. A Journal reporter saw Mr. Griffin to-night. He said: "I do not care to enter into any newspaper controversy with Sheriff Friedrich, but I wish last Friday night. So far as the action taken at that meeting and the resolutions adopted there are concerned, they are not adopted there are concerned, they are not an attack on any person or organization that is desirous of keeping the peace, but the reputable, law-abiding citizens of Hammond do not propose to be dominated or turned from their purpose to preserve law and order and prevent violence in the future by any kind of intimidation."

Sunday was passed very quietly in camp. At 2 o'clock divine services were held, Rev. L. T. Cole, of Indianapolis, delivering the services. At nearly all the churches in the services. At nearly all the churches in the city patriotic services were held, in which the pastors asked the aid of their congregations in upholding law and order.
At a meeting of the A. R. U., held in this city this afternoon, it is understood that an order was issued calling out the street-car men on the Whiting, Hammonds & East Chicago electric railroad. This was

no doubt done on account of the action taken by C. F. Griffin, president of the company, at the Law and Order meeting last Friday night. A committee from that order called this afternoon on groceryman W. C. Wells, who was also present at Friday night's meeting, and informed him that a boycott had been ordered against

LAWLESSNESS. Acts of Strikers and Sympathizers at Terre Haute.

TERRE HAUTE, Ind., July 15 .- Petty lawlessness was rampant in this city Saturday night. Strikers or their sympathizers cut off a Pullman coach in the Evansville & Terre Haute yards, but ran when they had detached the car. Four men, one of whom is known to be a striker, assaulted the night operator at the Evansville & Terre Haute yard offices about 2 o'clock this morning. The operator drew his pistol as he was about to be struck by a cane. and the would-be assailant ran. Trainmen on the Big Four were stoned and the westbound freight was run through an open switch. The Vandalia brought in thirty switchmen Saturday and they were put to work to-day. Another attempt was made to wreck the Chicago & Nashville express in the yards at 5 o'clock this morning, but the switch was inspected before the train arrived and an accident avoided.

Holloway Is a Militiaman. Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., July 15 .- Ed Holloway, who is reported as under arrest for causing the wreck on the Big Four near Terre Haute, has resided in this city most of his life, if not entirely. He was employed by the electric-light works up to May last, when he went to Indianapolis to find employment. There his mother and

a brother live. Holloway belongs to Com-

pany I, State militia, of this city. Charged with Intimidation. CHEYENNE, Wyo., July 15,-Complaints were made before Judge Riner, of the United States Court, last evening by the attorneys for the Union Pacific receivers against eight former employes of the company, charging them with intimidating employes and attempting to prevent the working of the road. Warrants for their arrest were issued and arrests made this morning. The men reside at Rock Springs, Evanston, Laramie and Cheyenne. Superintendent Malloy, by direction General Manager Dickinson, will furnish free transportation to any terminus of the Union Pacific to all men who have quit the employ of the company during the strike and to those who will not be taken fnto the employ of the company again by reason of their action against the company

during the strike. K. of L. Will Stick to Debs. PHILADELPHIA, Pa., July 15 .- Secretary-treasurer Hayes, when seen by a reporter with reference to General Master Workman Sovereign's statement that the services of the K. of L. had been offered unreservedly to the officers of the A. R. U., declined to discuss the subject and referred the reporter to editor Schonfarber, of the K. of L. Journal. Editor Schonfarber said the statement was no doubt correct; that the K. of L. will stick to the A. R. U. until the end. He scouted the idea that the strike would be general and said the executive board would not call out Knights in this city. Even if the Knights in this city are called out such action would have no appreciable effect upon labor, as it is said there are but 245

Knights here. Seeking Reinstatement. Special to the Indianapolis Journal.

DANVILLE, Ill., July 15.-The Wabash, the Chicago & Eastern Illinois and the Big Four railroads have their freight houses open, and are receiving freight here for all points on their lines. The first two roads have full forces of new switching crews at work in the Danville yards. Most of the old Wabash men have illed applications for reinstatement, with the understanding that they have forfeited all claims on the company for prefer-ence on account of previous service. Most of the Wabash force here is new men.

Dynamite on the Tracks. SAUK RAPIDS, Minn., July 15 .- An attempt was made last night to wreck a Northern Pacific passenger train here by placing dynamite on the tracks. The engine was lifted clear off the tracks and the passengers were badly shaken up, but no serious damage resulted. The explosion was heard miles away. Suspicion rests upon four men who have been hanging around for the past week, but who are now missing. Deputy marshals to-day patrol the tracks and allow no one to ap-

Trains Moving in California. SAN FRANCISCO, July 15 .- All trains are moving approximately on schedule time. The west-bound overland, which has been tied up at Ogden, arrived at Sacramento about noon with a number of passengers. An east-bound overland, which eft Sacramento yesterday, reached Reno this evening without interference. All local trains are running under a military escort. Punishing Sympathizers. MAMMOTH SPRINGS, Ark., July 15 .-The Kansas City, Fort Scott & Memphis railroad is taking steps toward removing their division machine shops from Thayer, Mo., on account of the decided stand the town took against them in the strike, whereby 250 marshals had to be sent from St. Louis to raise the embargo and move trains. The shops will be moved to Mam-

Troops May Be Sent Home. WASHINGTON, July 15.-Government officials in this city who have been connected with the movements of the administration during the strike were allowed to rest to-day. No reports of importance were received and no orders sent out. No action has as yet been taken towards recalling troops from Chicago, but if everything remains quiet this will be done in a very

Train Wrecked. DULUTH, Minn., July 15,-The Omaha night train was again wrecked in Superior last night. Spikes were pulled from the rails and the engine and two cars were ditched. No one was injured.

Quiet at St. Paul. ST. PAUL, Minn., July 15.-Railroad mat-

der and before any business was transacted, when Philip Kelley, of the Theatrical Employes' Protective Association, started the ball rolling by saying that the strike was a decided success until President Cleveland interfered. 'If Chief Arthur had confirmed his convictions, the strike would have been won in twentyfour hours," he declared.

Henry Weisman, of the Bakers' Union, blamed Debs for calling the strike off.

"When Debs declared the strike off," he said, "it was a blow at organized labor in this country. If Debs had been wise he would have conferred with the Federation of Labor as well as the Knights of Labor, instead of forming a partnership with Sovereign. Sovereign assumed too much when he said he would call out one million men in this country. He has not the lion men in this country. He has not the power to do so."

Master Workman J. B. Archibald said that Debs conducted the strike admirably until labor lent a helping hand by sending leaders from New York, and then the strike went to pieces. Meyer, Dampff and Barondess hoped that some of these leaders would be called to account for their action.

Did Not Vote to Strike. BROOKLYN, N. Y., July 15 .- The Long Island Protective Association, No. 220, Knights of Labor, which is comprised of representatives from the fifty-two local assemblies, which do not include the employes of the various railroad corporations, held a meeting this afternoon, at which resolutions were adopted extending sympathy to the strikers in the West and condemning the action of President Cleveland in calling out the federal troops in aid of the capitalist class. No action was taken, however, looking to a sympathetic strike.

Altgeld and Hopkins Lauded. Governor Altgeld and Mayor Hopkins were lauded for their ac-

VILE-TONGUED PRIEST.

Calls Members of His Congregation Dogs, Rats, Devils and Monkeys.

READING, Pa., July 15.-In answer to a request from the Mayor to Archbishop Ryan, asking him to interpose to settle the difficulties in St. Mary's Polish Catholic Church, a reply has been received in which the Archbishop says that before receiving the Mayor's letter he had determined to close the church temporarily. He expresses regret that so much annoyance should have been caused by the disorderly element of the church. It was decided at a meeting of those opposed to Father Janausklewiscz that hereafter they would attend the services as an assertion, of their rights. Accordingly, a hundred or more of them went to the church this morning for mass. The priest, hearing of this, was afraid to celebrate mass, and sent one of his domestics to the church to say that he would not attend.

Another warrant was issued for the priest to-day on the charge of railery. Among other things, the warrant charges that Father Janausklewiscz on one occasion purchased a monkey and likened the deponent and other members of the congregation to that monkey. On another occasion he called a certain lady by an abusive name, when she was present with a babe in arms, and called the latter a monkey and the lady's husband a dog. He also called other members of the congregation devils, dogs, rats and other opprobrious and obscene epithets. During the past two years he caused unnecessary disturbances by using such language.

SUICIDE OF A GERMAN.

Bernhard F. Gentsch, Ex-Postmaster of Buffalo, Shoots Himself.

BUFFALO, N. Y., July 15 .- Bernhard F. Gentsch, who finished his term as postmaster of Buffalo on July 1 last, who was an ex-member of the Assembly, a large manufacturer, one of the best known Germans in Buffalo and a prominent Republican, killed himself in a field back of his house on Seneca street, between 10 o'clock this morning and 2 o'clock this afternoon. Mr. Gentsch left home at 10 o'clock, telling his wife that he would take a stroll through his grounds. A neighbor found his body under a tree on the bank of Buffalo creek. He had shot himself in his right

Mr. Gentsch was vice president of the Hydraulic Bank. On his advice the bank loaned \$8,000 to a produce company. Later the bank gave the company a further loan of \$4,000, and stood to lose the \$12,000. Gentsch owned a small amount of stock in the company, and he was fearful lest his action in recommending the loan might be construed as dishonest. His brooding undoubtedly unbalanced his mind Bernhard Gentsch was born in Germany and came to this country when eighteen years old. He was in the Assembly in 1879. President Harrison appointed him post-master in June, 1890, and he was allowed to complete his term of four years. He was actively involved in Republican politics in this city for many years.

ANOTHER STRIKE PROBABLE.

Amalgamated Association Said to Be Preparing to Make Trouble.

PITTSBURG, July 15.-Another strike mminent in Pittsburg and vicinity, but it will have no connection with the Debs movement. Nonunle mills all over the country are said to be going through the same process. The movement for the present is confined to pud dling mills, and to be developed further in the future. Vice President Carney, when asked concerning the above, admitted its truth, and said it is expected to bring the Amalgamated Association up to its former high standard. He refused to say anything about a strike, but claimed that organization was being made complete, and should a strike be ordered it would be a

One Woman Dead and Two Dying-Fifty Persons Made III.

Special to the Indianapolis Journal. MARSHALL, Ill., July 15 .- An ice-crean social held a few nights ago, at the new Christian Church, in West Union, twelve miles south of here, was attended with fatal results. A day or two afterward more than fifty of those who partook of the cream were taken violently ill, and last night one of them, Mrs. R. L. Donham, died. Mrs. Randolph Farris and Miss Mattle Handy are at the point of death. It is supposed that the poisoning was the result of the cream standing too long in the freezer.

CHARGED WITH FORGERY.

A. J. Whiteman, Son of a Millionaire, in Jail at Detroit.

DETROIT, Mich., July 15.-Alonzo Jay Whiteman, at one time a member of the Minnesota Senate, the son of a millionaire, and worth \$300,000 in his own right, occupies a cell in the Central Station. When arrested he gave the name of Frederick Henry Cooper, but he was recognized by a former chum in the Columbia Law College, of which he is a graduate. To-night he made a full confession to detective Baker. Whiteman lived in Dansville, N. Y. His father, now deceased, had made him executor of his will without being required to give a bond. The result was he had nearly a million dollars at his disposal. Most of the money was invested in good securities in New York State, and part of it belonged to his sister. While living in Duluth, Whiteman became addicted to gambling. He invested in pine lands that did not materialize and suddenly found himself in financial shoals. It is asserted that he misappropriated a large sum from his sister's share of he estate and later became identified with a gang of later became identified with a gang of forgers who have been doing business in different parts of the country. He is under arrest here for complicity with James R. Dewitt in passing a forged check for \$50 on the Cadillac Hotel. Whiteman said, in his confession, that he was a moral and physical wreck, and that gambling had caused his downfall. The police think he has also done crooked work in New York.

DEFYING UNCLE SAM

GOVERNOR STONE, OF MISSISSIPPI, TAKES A BOLD STAND.

His State Is Circulating Money of It Own and He Refuses to Turn the Paper Over to the Government.

JACKSON, Miss., July 15 .- The Mississippi Legislature, at its last session, passed an act authorizing the Governor, the Auditor and the Treasurer to issue treasury warrants in denominations of \$5, should it become necessary to tide the State over the financial panic. The issue was limited to \$200,000, and the warrants were to draw interest at the rate of 2 per cent. per annum, payable Jan. 1 of each year until the Legislature meets again, in 1896. The warrants were made payable to bearer, and it was the intention of the Legislature for them to pass as money all over the State. Immediately after the pasage of the act the State Auditor contracted with the St. Louis Bank-note Company for the printing of the warrants, and the first installment of \$50,000 was delivered to the State Treasurer and placed in circulation a few weeks ago. Yesterday Governor Stone received a dispatch from W. H. Hazen, chief of the United States Secret Service at Washington, demanding that the Governor send to him all of the unsigned warrants that have not been placed in circulation. Mr. Hazen also telegraphed the St. Louis Bank-note Company demanding that the plates be turned over to the government. In an interview to-day Governor Stone stated that he would not comply with Mr. Hazen's demand in any particular, and that the issue of the special warrants will be continued until the full issue of \$200,000 is completed. The State officials regard Hazen's demands as an unwarranted interference and will not treat it seriously. They say that the demands were based on the assumption that these special warrants resemble too closely United States currency. and was violative of the statutes of the United States. This is strenuously denied by Governor Stone, who says the act of the Legislature is sustained by the best legal authorities in the country. The Audit-

Among a Crowd of Dancers.

HAZELTON, Pa., July 15 .- While attending a picnic at Landmesser's Park last night, Mike Roaman, an Italian, was knocked down on the dancing floor. Giovanni Perna, a fellow-countryman, instantly drew his revolver. The platform was then crowded with men and women, who were forming to take part in the dance. Perna fired point blank at Benjamin Fancock, the ball hitting him in the neck. The dancers broke and ran. Perna, thinking he was about to be attacked, began firing right and left, emptying his revolver of five bullets. It is known that ten persons were wounded. As far as can be learned their names are: Benjamin Fancock, shot in the neck; Clifford Minnick, shot in the left thigh; J. T. Williams (colored), shot in the leg; J. Matthews, shot in the leg; William Rakeland, shot in the knee. A fifteen-yearold boy named Cook was shot in the side and an unknown woman was shot in the

As Perna reached the exit, a crowd of frenzied men sprang upon him, and kicked and clubbed him without mercy. The cry of "lynch him" was taken up immediately Messengers went in search of a rope, and the threat would have been carried out but for the timely arrival of a constable, accompanied by a number of cool-headed citizens. The mob, however, fought against giving up the prisoner, and before the offi-cer succeeded in reaching him he was nearly kicked to death.

MANY PERSONS HOMELESS.

Disastrous Forest Fires in Isabella County, Michigan. BIG RAPIDS, Mich., July 15 .- Probably a hundred men, women and children, inhabitants of a ten-mile section of the southern part of Isabella county, are homeless on account of forest fires. Although now only smoldering the fires are causing much suffering and privation. A lumber camp of the Gale Lumber Company was totally destroyed, with many acres of green timber. Three small sawmille and many houses, crops, bridges, fences, etc., have been burned, but there has been no loss of life. The people of that vicinity

LYNN, Mass., July 15.-Saturday the employes of the River mill of the Thompson-Houston works, one of the few de-partments not removed to Schenectady, received notice that the existing business depression would necessitate the cutting of their salaries, beginning to-morrow. The men, two hundred in number, held a meet-ing this afternoon, and decided to strike if the cut was put in force, and they so notified the company.

CHICAGO, July 15 .- Archbishop Ireland. of St. Paul, being asked what he had to say upon the railway strike, spoke as fol-

"I dislike to speak of the Chicago strike, because, in so doing, I shall blame labor, while, because of my deep sympathies with it, I should wish to have never but words of praise for it. Yet in a momentous social crisis, such as the one through which we are passing, it is a duty to speak loud and to make the avowal of the truths and principles which will save society and uphold justice, and I am glad of the opportunity which a representative of the As-

sociated Press affords me. "The fatal mistake which has been made in connection with this strike is that property has been destroyed, the liberty of citizens interfered with, human lives in danger, social order menaced and the inattutions and freedom of the country put in most serious jeopardy. The moment such things happen all possible questions as to the rights and grievances of labor must be dropped out of sight and all efforts of law-abiding citizens and of public officials made to serve in maintaining pubmust learn that however sacred its rights be, there is something above them and absolutely supreme-social order and the laws of public justice. There is no civil crime as hideous and as pregnant of evil results as resistance to law and the constitutional authorities of the country. This resistance is revolution; it begets chaos; it is anarchy; it disrupts the whole social fabric, which insures life and safety to the poor as well as to the rich, to the

employe as well as to the employer. "There can be no hesitation to bring in the help of the repressive powers of society when property is menaced? Only savages, or men who for the time being are turned into savages, will burn or destroy property, whether it be the factory of the rich man or the poor man's cottage, a railroad car or a national building. More criminal and more inexcusable yet is the act of murdering human beings or of endangering their lives.

"Labor, too, must learn the lesson that the liberty of the citizens is to be respected. One man has the right to cease from work, but he has no right to drive another man from work. He who respects Italian Empties His Revolver | not the liberty of others shows himself unworthy of his own liberty and incapable of citizenship in a free country. Never can riots, and mob rule, and lawless depredation be tolerated. The country that permits them signs its death warrant. HARM THE CAUSE OF LABOR.

"Riots and mob rule, such as have occurred in Chicago, do immense harm to the cause of labor and set back its advance for whole decades of years. Labor thereby loses the earnest sympathy of thousands of friends and gives courage and triumph to its enemies. Worse yet, the principle of popular government suffers. It is no wonder that, reading of the occurrences in America, Europeans announce that the Republic is a failure, and that only a strong monarchy can hold society together. Nowhere on earth has the poor man liberty, civil, social and industrial, as that which he enjoys in America. Is this liberty to be used in tearing down the Republic which blesses and protects them?

"I am far from saying that labor has not had its grievances in America, nor that redress must not be sought. I would not respect the laborer who seeks not to enjoy all his rights and to improve his condition. But all this must be done within the lines of social order and law. The remedy for these ills is a healthy public opinion, and fair public legislation, and all legitimate efforts in these directions, whether by single act or united force, are laudable. Labor has made great progress in the recent past; it must not be too hasty. Time and patience are requisites to

"As to strikes, I repeat the words of a labor leader, Mr. T. V. Powderly, They are nearly always failures, and should scarcely ever be resorted to, even when most securely guarded from wrong doing. The workman, even when he apparently gains his purpose, finds, on computation, that he has suffered severe financial losses and has weakened his chances for future employment. Besides, strikes affect the great public of America, as well as the employer, and workmen should consider the rights of the public of America as well as the employer, and workmen should consider the rights of the public, whose moral support, mor_over, the cause of la-

bor sorely needs. For my own part, I believe the large number of men who join strikes are more to be pitied than to be blamed. They are led on by irresponsible and tyrannous chiefs. Labor unions have great value, but one marked evil in them is that they put the liberties of tens of thousands in the keeping of one man, or of a few, who become their absolute masters, their despotic "These strikes read a lesson to capital.

Capital must, for its own sake, as well as for humanity's sake, be mindful of its own duties and of the rights and interests of labor. The solution to the differences between capital and labor is necessarily complex, and no one precise formula has been or can be found. A generous sense of justice toward all, a deep love of one's fellows and attentive listenings to the teachings of Christ will lead on all sides to a better understanding and to happier mutual relations. Certain it is that so far as it is possible the laborer should not lack the means of decent support for himself and his family; he should not be overbur-dened either in weight or time of labor; moral being, with all respect due his human dignity. His remuneration, if diminishing in periods of depression, should increase in periods of business prosperity. Industries which allow some profit sharing.
